

Aloud, When The Ants Attack The Queen

I - there is no "I" in "team";
But Jack did believe
that's someone else's wet dream
He built up these tracks
with the sweat of his back
Gone along for the ride
It was still suicide
It's sad
Went from riches to rags
When the ants attack the queen
It's the greatest thing I've seen
There they were, face to face
She was such a disgrace
Feeding off of his trust,
his contempt,
and his lust
Jack smiled
The smile of a madman is that of a child
When the ants attack the queen
It's the greatest thing I've seen
It's the greatest thing I've seen
