

Alpha, Fort

Here's only so much more
The day is full
To reach
Understanding
And all at once I knew
I fan the truth over to you

Excused
Your flame
Sold us
I look away (?)
There's only so much more
There's only so much more

Hey lonely
Still looking for perfection
Bleed and hold it
Miss the moment

When there's only so much more
Discover it all
All wonders be like you do

Simply comply
With the restlessness I hurt
Takes hold
A touch, a sigh with

Hey, lonely
Still looking for perfection
Bleed and hold it
Miss the moment

There's only so much more
There's only so much more
You'll find in me
Gave everything

Maybe you will
But maybe you won't
The impossible thrill
That lives only once
I rest my case
My weary face
Grey is sad (?)
