

Alphabeat, Go Go

Yeah, I keep messing up my lipstick
Yeah, Ohhhh ohhh
My feet - keep taking me to your street
'cause there's a chance I'll meet - you
that's what I want to do
I - keep looking for a chance
a chance to steal a glance of you
that's that I want to do
Come on please take my hand
I need somebody to understand
I need somebody to show
the way to go-go
I can't stand up
I can't get down
down
get down
get down
go-go
I can't stand up
I can't get down
down
get down
get down
go
Unless I'm making a mistake
we've got some loving to make oohoo
that's what I want to do
My feet keep taking me to you street
'cause there's a chance I'll meet - you
that's what I want to do
Come please take my hand
I need somebody to understand
I need somebody to show
the way to go-go
I can't stand up
I can't get down
down
get down
get down
go-go
I can't stand up
I can't get down
down
get down
get down
go
When you come around
I fall to the floor
hammer on the door
a million times or more
when you come around
(what do you do?)
I hammer on the door
a million times or more
when you come around
(what do you do?)
I hammer on the door
a million times or more
I can't stand up
I can't get down
down
get down
get down
go-go

I can't stand up
I can't get down
down
get down
ooohhh ooohhh..
