

# Aluminum Group, Pretty Mouth And Green My Eyes

My manners say to me  
You've had too much to drink  
Say goodnight, Pretty Mouth  
And Green My Eyes  
Over the hills and avalanches  
Into the house of rising branches  
Pretty Mouth and Green My Eyes  
You tell lies politely  
Over the hills and through the woods  
(You tell lies)  
Into this house we go  
(You tell lies)  
You can light my cigarette  
Do not answer the phone  
Pretty Mouth and Green My Eyes  
Something so romantic  
Pretty Mouth and Green My Eyes  
It's been so long since I've said it  
Pretty Mouth and Green My Eyes  
Something so romantic  
Pretty Mouth and Green My Eyes  
It's been so long since I've said it  
The snow has covered every tainted footstep, how 'bout that?  
And with it washed the scent of fragrant mischief, yeah, yeah  
And then the gold ring and it loosens off of your hand  
And in that moment, you're unmarried man, yeah  
Pretty Mouth and Green My Eyes  
Something so romantic  
Pretty Mouth and Green My Eyes  
It's been so long
