Alvin Lee, Wake Up Moma

Wake up, Moma, chase my blues away I said, wake up Moma, take my blues away It's 2 o'clock in the morning And I've had a busy day I said wake up baby, I need a little company Wake up baby, just need some company The blues got me so bad, I'm in misery I said, wake up Moma Wake up baby, before the night is gone I said, wake up baby, before the night is gone You're a real good woman But you sleep too long Wake up Moma, time to rise and shine Wake up Moma, know it's time to rise and shine You make love so good to me, baby Make me feel so fine Wake up baby
