

# Aly & AJ, I Am One Of Them

I get in the car  
Another tragic disaster  
But I'm safe where I am  
Yet another is captured  
The traffic is stopped  
People just stare  
(Stare stare stare stare)  
Another alert  
Does the kid have a prayer?  
Life is not fair

It's hard to look outside my door  
(Look outside my door)  
With all the news reports and more  
Yet I will do my part and stay on alert  
(On alert)  
For all the kids out there who are gettin' hurt  
It could've happened to me  
(Happened to me)  
Can you make me believe  
This could have a happy end?  
'Cause I  
Am one of them

I try to grow up  
But I am chased by my fears  
It could happen to me  
And I worry in tears  
Reports of the girl  
Making me scared  
(Scared)  
Led off to die  
And why was I spared?  
Life is not fair

It's hard to look outside my door  
(Look outside my door)  
With all the news reports and more  
Yet I will do my part and stay on alert  
(On alert)  
For all the kids out there who are gettin' hurt  
It could've happened to me  
(Happened to me)  
Can you make me believe  
This could have a happy end?  
'Cause I  
Am one of them

I am one of them  
Am one of them  
I am one of them  
Am one of them  
I am one of them  
Am one of them  
I wish I could bring  
Back all of them
