

Amanda Jenssen, Do you love me

Truth be told, simple and bold
 I think you're special
 We can roll like a team, you know what I mean
 See, I'm not gonna mess around and I'm not gonna let you down
 cause I do love you
 This I know, this I kno -oh -ooow!
 Money makes the world go 'round
 People will be people always
 Baby, what goes up comes down
 This I know, so here I go
 Do you love me
 love me
 Do you love me
 love me
 Do you love me
 baby
 Hit or miss, here's what it is you are that someone
 a diamond in the rough, the real stuff
 Now if goodness are to find,
 then luck is a friend of mine, cause I do love you
 This I know, this I kno -oh -ooow!
 Money makes the world go 'round
 People will be people always
 Baby, what goes up comes down
 This I know, so here I go
 Do you love me
 love me
 Do you love me
 love me
 Do you love me
 baby
 Money makes the world go 'round
 People will be people always
 Baby, what goes up comes down
 This I know, so here I go
 Do you love me
 love me
 Do you love me
 love me
 Do you love me
 love me
 Do you love me
 love me
 Do you love me
 baby
