

Amanda Jenssen, Morninglight

What's the time, love of mine?
Too late to go out
No conscience left, can't get no rest
Can't wait, must go out
Keep on running
Something isn't right
Save me morning light
Baby, baby, please
So
Are you scared, honey?
Are you scared of me?
Are you scared, honey?
Are you scared?
Where's my dream, Jimmy Beam?
Too late to find out
Is there more than this kitchen floor?
Let's drain my doubts
Keep on trying
Something isn't right
Save me morning light
Baby, baby, please
So
Are you scared, honey?
Are you scared of me?
Are you scared, honey?
Are you scared?
