

# Amanda Marshall, Beautiful Goodbye

Fed up with my destiny  
And this place of no return  
Think I'll take another day  
And slowly watch it burn  
It doesn't really matter how the time goes by  
Cause I still remember you and I  
And that beautiful goodbye

We staggered through these empty streets  
Laughing arm in arm  
The night had made a mess of me  
Your confession kept me warm  
And I don't really miss you, I just need to know  
Do you ever think of you and I  
And that beautiful goodbye

When I see you now  
I wonder how  
I could've watched you walk away  
If I let you down  
Please forgive me now  
For that beautiful goodbye

In these days of no regrets  
I keep mine to myself  
And all the things we never said  
I can say for someone else  
Cause nothing lasts forever, but we always try  
And I just can't help but wonder why  
We let it pass us by

When I see you now  
I wonder how  
I could've watched you walk away  
If I let you down  
Please forgive me now  
For that beautiful goodbye
