Amanda Marshall, Beautiful Goodbye

Fed up with my destiny
And this place of no return
Think I'll take another day
And slowly watch it burn
It doesn't really matter how the time goes by
Cause I still remember you and I
And that beautiful goodbye

We staggered through these empty streets
Laughing arm in arm
The night had made a mess of me
Your confession kept me warm
And I don't really miss you, I just need to know
Do you ever think of you and I
And that beautiful goodbye

When I see you now
I wonder how
I could've watched you walk away
If I let you down
Please forgive me now
For that beautiful goodbye

In these days of no regrets
I keep mine to myself
And all the things we never said
I can say for someone else
Cause nothing lasts forever, but we always try
And I just can't help but wonder why
We let it pass us by

When I see you now I wonder how I could've watched you walk away If I let you down Please forgive me now For that beautiful goodbye
