

# Amanda Marshall, Give Up Giving In

I always think about you  
I always will  
I always wonder what might've been  
If we could get time to just stand still  
Oh well  
It was the right train  
But I guess we must've been off track  
And I've been  
waiting for so long  
But now I know you're never coming back  
CHORUS

So I'll give up giving in  
Quit playing this game I can't win  
I wish I could stop  
But I don't know where to begin

I wonder how you slipped away  
I wonder why  
I always wonder if there's a chance  
That maybe you know what this is like  
It's like a bloodstain  
And it's spreading across my chest  
And I've been bleeding for so long  
I think this heart of mine deserves a rest  
CHORUS

And now the wolf is at my door  
And it's never gonna be like it was before  
And I have cried 'til I'm insane  
Now my head is getting cloudy  
It's shrouded in this pain

And so I'll give up giving in  
Quit playing this game I can't win  
I wish I could stop  
But I don't know how  
To give up giving in  
Quit playing this game I can't win  
I wish I could stop  
But I don't know how  
To begin  
Gotta give up  
It's never gonna be  
Like it was before  
The wolf is at my door  
Gotta give up
