

Amanda Palmer, Strength Through Music

locked in his bedroom
he saw the world
a web of answers
and cumshot girls

tick tick tick tick tick
tick tick tick tick tick

don't bother blaming
his games and guns
he's only playing
and boys just want to have fun

he picked a soundtrack
and packed his bag
he hung his walkman
around his neck

tick tick tick tick tick
tick tick tick tick tick

it's so simple
the way they fall
no cry, no whimper
no sound at all

tick tick tick tick tick
tick tick tick tick tick
tick tick tick tick tick
tick tick tick tick tick
tick tick tick tick
boom
