It's been five months since (Ohhhh) you went away Left without a word and nothin' to say God send me an angel God send me an angel from the heaven's above Send me an angel to heal my broken heart from being in love Cause all I do is cry God send me an angel to wipe the tears from my eyes Amanda: See it's been five months since you went away Left without a word and nothing to say Want to wil' out want to up and leave See it's all about you it's not about me Break me down from in and out See I knew from the jump you had some doubts Should have known then you would never stay true Should have known then that I could never change you Now I'm on my knees and I'm begging god please Take away this pain that I'm feeling cause it's just too much for me And I try to open up my eyes I sure do try to see But this man got my heart in a box and I can't even find the key god please God send me an angel from the heaven's above Send me an angel to heal my broken heart from being in love Cause all I do is cry God send me an angel to wipe the tears from my eyes Preemo: Come on that's right come on No matter what I do it stays the same Told me I got to leave cause I wouldn't change Still I couldn't see I was stuck in the game Told me to leave my key or the locks gonna change You want a new day one without me But I'm stuck with this pain while she's yelling get out Pre What happens when your ride or die chick is living every night with some good by ish Inside I'm dying Just want to kiss your eye lids Help the pretty green eyes stop crying One more chance take a trip to Hawaii She just looked at me and started sighing I guess this is good by still not realizing what it all means Still got the dreams that included you and me Got me on one knee willing to do anything to make it right I'm trying to get doctor Phil's number for advice Amanda: I never thought twice when I rolled the dice Never thought so many times you'd make me cry Deep down in my heart I used to believe that I was meant for you and you was meant for me But without trust there is no love And I'm sure gonna miss them kisses and hugs Got to let go or I never will Can't wait for the nights where I can't stay still Love ain't for free got to pay the bills Say that you won't but I know that you will Deep in my heart I know you'll never change And everything that you do I'll always be the blame God send me an angel from the heaven's above Send me an angel to heal my broken heart from being in love Cause all I do is cry God send me an angel to wipe the tears from my eyes God send me an angel from the heaven's above Send me an angel to heal my broken heart from being in love Cause all I do is cry God send me an angel to wipe the tears from my eyes Oh god...send me an angel Send me (Oh baby) an angel Send me an angel from the heavens above Send me an angel to heal my heart from being in love Oh god...(Amanda Perez...Preemo) send me an angel
