

# Amanda Perez, I Still Love You

Tell me why  
what did i do?

Just the other night  
the love of my life went away  
and i cant sleep at night  
its drivin me crazy  
Why cant u see that i miss  
lookin in your eyes?  
Why cant u see that i miss  
kissin u good night?  
Cause I...

Chorus:  
I still love u  
please take my hand,let  
Me help u, help u  
to understand  
that ain't no body ever gonna luv u like i do  
and aint no body ever gonna do  
the things i do for u  
cause i still love you!

Tell me why when i call u at home  
u say your with your friends  
dont call no more  
Why cant u see the love  
starin u right in your face?  
Why cant u see that i dont want  
no one to come and take your place?

Chorus x2

this is something  
that i cant understand  
Why couldnt u just be my man?  
and all the love that we've givin  
i dont want it to be wasted  
Why cant u,  
Why cant you face it?  
Cause I. . .

Chorus x2.5

fades off...
