

Amazulu, After Tonight

I'm the key to set you free
You can run to me any time for cover
Don't play shy, just let me try
'Cause it's you I really want, and not another

Baby don't you fight
Oh no
Don't get your little self uptight
'Cause you know
You know

But baby after tonight
(After tonight)
Everything's gonna be alright
(After tonight)
Yeah baby, after tonight
(After tonight)
Every little thing's gonna be alright
(After tonight)

You're alive, oh take the time
Won't you swim to me, a little bit closer
'Cause I can read just what you need
And it's you, oh baby, you that I'm booking after

Baby don't you fight
Oh no
Don't get your little self uptight
'Cause you know
You know

But baby after tonight
(After tonight)
Everything's gonna be alright
(After tonight)
Yeah baby, after tonight
(After tonight)
Every little thing's gonna be alright
(After tonight)

Baby don't you fight
Oh no
Don't get your little self uptight
'Cause you know
You know

But baby after tonight
(After tonight)
Everything's gonna be alright
(After tonight)
Yeah baby, after tonight
(After tonight)
Every little thing's gonna be alright
(After tonight)
Oh baby
(After tonight)
After tonight
(After tonight)
Everything's gonna be alright
(After tonight)
After tonight
(After tonight)
After tonight
(After tonight)

Everything's gonna be okay
(After tonight)
You hear what I say
Baby
(After tonight)
After tonight.
