

Ambulance LTD, Michigan

Travel the seaside Michigan
Walk on the water with a friend
On the pretty waves

I've been a real bad family man
Sucking the white light Indians
On the mountain

But I'm gonna try
I'm gonna pave the way at night
Singing the gospel in my mind
Walking on blue waves, blue waves
Radiate and drive...all my life

Make me real life hurricane
Follow a straight line to the brink
On the good days

You've been a teenage runaway
Carry the people that you hate
In a suitcase

Well I'm gonna try
I'm gonna pave the way at night
Nothing but gospel in my mind
Walking on blue waves, blue waves
Radiate and drive...all my life
