

Amen, Mayday

Hey you with you head held high
Inbred on the fourth of july
Said you situation low
Burnt down everything you know
Shut it
Said you did your nation pride
Burn dead on the fourth of july
Said you situation low
Burnt down everyone you know
Cause I just turn to bitches who always deny
Cause I just fuck on a page of the bible

MAYDAY - I dont feel alive

Cause I was born in America on the fourth of lies
Said you with your breastfed lies
Your mothers cunt is open wide
Said you crawling back low
Burnt down everyone you know
Cause I just burn those bitches who always deny
See this pronos based on survival

MAYDAY - I dont feel alive

Cause I was born in America on the fourth of lies
Fuck your history buried in lies, buried alive
Barely alive, reclaim your life
Barely...
Take your bible - Burn it alive
Take your money - Burn it alive
Take your life - Burn it alive
Buried alive, Buried in lies
MAYDAY
Barely alive on....
