

Amen, No Cure For The Pure

So impure that I need a fear
Everything I can endure
I stay away 'cause I've got
Nothing here to stay

Why can't I believe?
Why am I so impure?
Person justified
Inside something I endure

Because I turn myself in a whore again
I heard it all before
Because I lost myself in pure horror
'Cause, no cure,
No cure for the pure

Somebody said everything is everything
Everything is everything
Everything is nothing
? ? ?

I don't wanna live
In something so impure
Who'd want you to live inside your

Because I turn myself in a whore again
I heard it all before
You know I lost myself in pure horror
'Cause there's no cure for the pure
There's no cure the pure
There's no cure the pure
There's no cure the pure
There's no cure the pure
Why am I so impure?

There's no cure...
No cure...
No cure..
There's no cure...
('Cause there is) no cure (for the pure)
('Cause there is) no cure
('Cause there is) no cure (for the pure)
('Cause there is) no cure (for the pure)
No cure. For the pure.
