

# Amen, The Price Of Reality

Let them inject you inject you freely  
The sores of truth reprised  
Truth mended with the razors-deny  
I stand accused at the end of my life  
End mending to the truth in our lies

And did they want to find you?  
And did they bury your life?  
Its just a holiday for you  
Human assembly line

Its just a holiday for you  
In your assembly line  
Another holiday for you  
Abortion candy machine  
What is the price of reality?

Let them take you into tomorrow  
Tomorrow never arrives  
The proof is in our abscessed sex lives  
Abandoned in static erratic fines  
Erratic we embrace our demise

And did they want to buy you?  
In your assembly line  
Its just a holiday for you  
In your human assembly line  
Another holiday for you  
Abortion candy machine  
What is the price of reality?

Sign the welfared checks in your sickness  
With your childrens blood splattered on the back of

Revolt!  
Revolt!  
Abortion holiday  
Revolt  
Price of reality  
Revolt  
Price of reality  
Revolt  
Revolt.
