

America, Head and Heart

Theres just no way to say how much I love you
You never make me cry and thats just fine
Ive only got my fear to burn above me
You know we all get scared from time to time
Love me with your head and heart
Love me from the place it starts
Love me with your head and heart
Love me like a child
Theres just no way to play the things Im feelin
No way to tell you all the things you mean
Every day I only feel like stealin
Away to where I know I can be free
Love me with your head and heart
Love me from the place it starts
Love me with your head and heart
Love me when Im wild
Laying down the ways to say I need you
Scared of lookin tall and feeling small
Running through the days I have beside you
Scared of being wrong, and thats it all
Love me with your head and heart
Love me from the place it starts
Love me with your head and heart
Love me like a child
Love me with your head and heart
Love me from the place it starts
Love me with your head and heart
Love me like a child
