## American Head Charge, Effigy

burn the bed consummated rest the head it just holds us back now still she keeps on looking of course [2x] nows theres nothing I hate as much wet the lips shut your pretty mouth use the kiss tommorrow fails to exist still she keeps on looking of course [2x] now theres nothing I it all surfaces in this light words under my breath taking my time breaking your smile feed the wish let it flourish head for shore let me haunt you still she keeps on looking now theres nothing I hate as much [2x] I will sleep (It all surfaces in this light) throughout the infection fast asleep where nothing can find me words under my breath taking my time breaking your smile everyone goes away I cant even try I watched you slip away
