

American Idol, If You Really Love Me

Ryan Starr

Whoo , come on
If you really love me
won't you tell me (yeah)
if you really love me
won't you tell me (yeah)
so i won't have to be hanging around

You call my name ooh so sweet
to make your kissing complete
when your mood is clear
You quickly change your ways
then you say I'm untrue
what am I supposed to do
be a fool who sits alone waiting for you

Oh if you really love me
won't you tell me, yeah
Oh if you really love me
won't you tell me, yeah
so I wont have to be hanging around

I see the light of your smile
calling me all the while
You are saying baby it's time to go
first the feelings alright
then it's gone from sight
so I've taken out this time to say

Oh if you really love me
won't you tell me, yeah
Oh if you really love me
won't you tell me, yeah
so I wont have to be hanging around
(Oh if you really love me
won't you tell me, yeah)
