

American Minor, Cheaters & Non-Believers

I must beg you, Mary
Don't be coming out
Cheaters & non-believers
Well, they're howling outside your door
So go on, make a break if you wanna leave
So go on and make it your fantasy
Cheaters & non-believers
Well, they've all come around here before
Girl, you couldn't change me
If you wanted, baby, you tried
Well that promise I made, babe
Well, I'm gonna keep it inside, side, inside
Put the wheels on the road
The wheels on the road
Put the wheels on the road
I'm leaving tonight, tonight, tonight, tonight, yeah
They will bury you Mary
If they see me hanging 'round
Cheaters & non-believers
They've followed me here to your door
So get down on your knees and pray for me
Show them all how you still believe
Cheaters & non-believers
They've all come 'round here before
Girl, you couldn't change me
If you wanted, baby, you tried
Well that promise I made, babe
Well, I'm gonna keep it inside, side, inside
Put the wheels on the road
The wheels on the road
Put the wheels on the road, babe
I'm leaving tonight, tonight, tonight, tonight, yeah
Girl, you couldn't change me
If you wanted, baby, you tried, you tried, you tried
Well that promise I made, babe
Keepin' it deep, down inside, side, inside
Put the wheels on the road
The wheels on the road
Put the wheels on the road
I'm leaving tonight, tonight, tonight, tonight
