My revenge against the world Is to believe everything you say Balance as you are On a pile of empty bottles And even when the world has taken All your defenses away There's no way that you can be true And I'll believe you I'll believe you Don't you get sick Of party favors That start with a whimper And end with a whisper And even when every single one Of your gestures is a lie To me, you always ring true

And I'll believe you I'll believe you

The first time the cops came They were like brand new friends

The second time they came
They were a little concerned
They said, We know all about you

You're like a moth's to a flame Yeah, we speak too much And none of it's ever true

What happens to the rat That stops running the maze The doctors think it's dumb

When it's just disappointed I meant it when I said

That I would never see you again

But no matter how dumb I get there's one thing I'll always do

I'll believe you I'll believe you

I'll believe you

I'll believe you
