

American Pie 2 Soundtrack, Vertigo - American H

I'll do everything but you're not that way
I'm lost around you
And you'll do everything with the same old lies
When I can't even try
Yea, you get me high
I'm feeling so low
How far will you let me go?
Yea, you get me high
I'm feeling so low
I'm knocked down by the vertigo
Nothing means a thing when your cold and gray
I fall behind you
I'll make the same mistakes with the same old lies
When I can't even fight
Yea, you get me high
I'm feeling so low
How far will you let me go?
Yea, you get me high
I'm feeling so low
I'm knocked down by the vertigo
Yea, you get me high
I'm feeling so low
How far will you let me go?
Yea, you get me high
I'm feeling so low
I'm knocked down by the vertigo
Yea, you get me high
I'm feeling so low
How far will you let me go?
Yea, you get me high
