

# Amerie, Why R U

Why are you the one  
I cant lose  
Whats the reason that Im here again its crazy  
I keep waiting but Im foolish cause youll never change  
Wasted all my time and here I am still crying over you  
Over you  
Loving you was so hard  
(But I keep Trying Baby)  
I just end of with scars  
(Cause I keep fighting Baby)  
Loving you is like a battle that I cant afford to lose  
I cant lose  
But Im asking you  
Why are you the only thing that I care about  
Why are you the only thing that I care about  
Why are you the only thing I think about  
Why are you the only one  
Baby youre no good for me, no  
You can be, You can be, You can, You can be the only one  
You can be, You can be, You can, You can be the only one  
And though I hate it  
Hate it that I cant forget you  
I try my best but Im a mess cause I cant shake you  
Wanna call ya but my pride wont let it get the best of me  
The best of me, no  
Loving you was so hard  
(But I keep Trying Baby)  
I just end of with scars  
(Cause I keep fighting Baby)  
Loving you is like a battle that I cant afford to lose  
I cant lose  
But Im asking you  
Why are you the only thing that I care about  
Why are you the only thing that I care about  
Why are you the only thing I think about  
Why are you the only one  
Baby youre no good for me, no  
You can be, You can be, You can, You can be the only one  
You can be, You can be, You can, You can be the only one  
No, cant believe that Im still crying  
And no, It aint because I aint been trying  
(Losing sleep cause I cant help but think about the past)  
And how we didnt last  
How we didnt last  
Why are you the only thing that I care about  
Why are you the only thing that I care about  
Why are you the only thing I think about  
Why are you the only one  
Baby youre no good for me, no  
You can be, You can be, You can, You can be the only one  
You can be, You can be, You can, You can be the only one  
Why are you the only thing that I care about  
Why are you the only thing that I care about  
Why are you the only thing I think about  
Why are you the only one  
Baby youre no good for me, no  
You can be, You can be, You can, You can be the only one  
You can be, You can be, You can, You can be the only one
