

Amerie, Why R U

Why are you the one
I cant lose
Whats the reason that Im here again its crazy
I keep waiting but Im foolish cause youll never change
Wasted all my time and here I am still crying over you
Over you
Loving you was so hard
(But I keep Trying Baby)
I just end of with scars
(Cause I keep fighting Baby)
Loving you is like a battle that I cant afford to lose
I cant lose
But Im asking you
Why are you the only thing that I care about
Why are you the only thing that I care about
Why are you the only thing I think about
Why are you the only one
Baby youre no good for me, no
You can be, You can be, You can, You can be the only one
You can be, You can be, You can, You can be the only one
And though I hate it
Hate it that I cant forget you
I try my best but Im a mess cause I cant shake you
Wanna call ya but my pride wont let it get the best of me
The best of me, no
Loving you was so hard
(But I keep Trying Baby)
I just end of with scars
(Cause I keep fighting Baby)
Loving you is like a battle that I cant afford to lose
I cant lose
But Im asking you
Why are you the only thing that I care about
Why are you the only thing that I care about
Why are you the only thing I think about
Why are you the only one
Baby youre no good for me, no
You can be, You can be, You can, You can be the only one
You can be, You can be, You can, You can be the only one
No, cant believe that Im still crying
And no, It aint because I aint been trying
(Losing sleep cause I cant help but think about the past)
And how we didnt last
How we didnt last
Why are you the only thing that I care about
Why are you the only thing that I care about
Why are you the only thing I think about
Why are you the only one
Baby youre no good for me, no
You can be, You can be, You can, You can be the only one
You can be, You can be, You can, You can be the only one
Why are you the only thing that I care about
Why are you the only thing that I care about
Why are you the only thing I think about
Why are you the only one
Baby youre no good for me, no
You can be, You can be, You can, You can be the only one
You can be, You can be, You can, You can be the only one
