

Amila Zazu, Fighter

they tell me to adjust to what is around
they tell me youll never resist the pressure from their minds so you had better lie
they often tell me I will lose more than I could gain
they laugh behind my back and wait for the very moment Ill come and say youre right
but I cant deny the beliefs I bear in mind and I know theyre worth even more
so Ill stand my ground and they waste their precious time cause I will never give up
REFREN:

I, Ill keep on fighting
Ill show you that Ill manage if I want
Ill keep on trying
no matter if you like it or you dont
they tell me to adjust to what is around
they tell me youll never resist the pressure from their minds so you had better lie
you tell me you know better whats good for me
you put my hands in chains and make me swim down the stream no way wrong choice not me
but I cant deny the beliefs I bear in mind and I know theyre worth even more
so Ill stand my ground and you waste your precious time cause I will never give up
