

Amila Zazu, Him

whose are the wings I feel around me?
whose is the spirit next to me? (wanna get it)
whose is the hand put on my shoulder?
do I know him? did I meet him? will I ever get to know?
did someone send him to protect me? (who is that?)
the more I wait the less I fear (I can feel it)
nothing breaks down my way to hold on
now I realize that I am safe and sound
that makes me bounce
trust him all the time
and that is why I will do
everything he wants me to
and if it takes much from me
I trust him - theres no thing I wouldnt do

REFREN:

wherever I go
whatever I do
Im sure he is there, makes me strong, makes me move
whatever it takes
whenever I fall
I know hes with me to give hand, to give hope
wherever I go
whatever I do
Im sure he is there, makes me strong, makes me move
even if I go
ten thousand miles
I always will hold on
did someone send him to protect me? (who is that?)
the more I wait the less I fear (I can feel it)
nothing breaks down my way to hold on
now I realize that I am safe and sound
that makes me bounce
trust him all the time
