It's like I never felt alone in the heart of the city
Big metropolis thousands of people just all around me
Immense variation multi-cultures on show
Now you know in the city of Kuala Lumpur
Glad to be the home of the world's tallest building
Petronas Tower working in the city of kings
With zombie-like daytime determined city dwellers
Earnin' a livin' only the strong are survivors
The day turns to night as the nightlife emerges
We all come alive and become nocturnal creatures
In the concrete jungle of Human's creation

Heads up ! Now player heed !
Bounce to Kuala Lumpur Malaysia South East Asian sector

Faces of many races in places peacefully mingle
Hardworkin' people of the golden triangle
In sandals I rendezvous with homeboys in the stalls
Play the cool drama but keep targets on movin' dolls
Layback just like that yeah lifestyle so easy
But when hell breaks loose in K.L. its time to get busy
