

# Ammo Poetic, There's No Stoppin' Us

\*Adibah Noor\*

There's no stoppin' us because we rock

\*Yogi B\*

I remember the time when I first heard hip-hop  
Beat & bass just made my head bop  
All of a sudden the unlock \*\*\*\*\* the beatbox!  
People were like whut-whut? who dat, who dat!?  
On one sunny day in Central Market  
I was the #1 man, damn the only one  
Back then it was all'bout the fun  
Not the competition or the dissin  
Ya new school fools don't what you're missin  
I can feel it in my heart & soul  
You can't deny me the right to hold my ground for this sound  
Coz hey! I've come a long way  
So ya'll better listen up to what I say coz!...

Chorus \*Adibah Noor\*

There's no stoppin' us  
There's no stoppin us because we rock (take it back, take it back)  
No one does it better (take it back, take it back)  
Ammo's gonna show you how we  
There's no stoppin' us (No stoppin')  
There's no stoppin us because we rock (take it back, take it back)  
Really doesn't matter (take it back, take it back)

Break 1 \*Yogi B\*

Take it back from the old to the new school  
It's the same game that we play with the new rules  
Take it back from the old to the new school  
It's the same game that we play

\*Point\*

There ain't no stoppin' us  
You disagree you be blasphemous  
My return prophesised it's miraculous  
Still we rock, makin' heads bob  
My b-boys resurrecting the body pop  
But now it's about cheddar to live longer  
From puffy to buffy like Sarah Michelle Gellar  
Or Joe Pesci, I'm still a goodfella  
Makin' hit records like the label Roc-a-Fella  
Whut? We're goin' retro with this cut  
Keep your eyes wide shut  
Anticipated whack emcees constipated  
Damn! we undisputed

Break 2 \*Adibah Noor\*

We have waited far too long for this moment to arrive

Chorus

\*Landslyde\*

I ain't stoppin' cos I be dreamin' to be a star  
Sky's the limit payin' the price the life I'm in it  
Who be rockin' down put fake emcees on the ground  
Doin' it goin' it against bounds  
Unanimous status emcees rockin' the stage now tell me  
Who's the greatest like padi fields harvest my flow  
Substantial amount of dough when I rock the show  
Just like The Rock body slammin' pile driver rammin'  
Put you in a state of shock  
Like North Vietnam I bomb you to flee

Landslyde's the name there's no stoppin me

Chorus

Break 1

\*C.Loco\*

Who be the player, no stoppin', the time has come  
Virtual devotion to my music, I'm not done  
Why you act dumb? Mentally unworthy,  
Super duper fishy, now you wanna be me?  
Alias Hellstar, shinin' in your eyes  
My bald head gleamin', suffer the cut ties  
And mostly I put in the hard work  
When karma comes back I won't be hurt  
Now I see the world in a tinted view  
There's no limit to what I can do  
Which is why I safeguard my treasure  
The fans want more, it's our pleasure

Break 2
