

# Amon Amarth, Saxons and Vikings

Marching south, we're Wessex bound  
We shall take King Alfred's crown  
It doesn't matter if he stands or flees  
We will bring him to his knees

We've laid waste to Mercia  
We have conquered York  
We ravaged all these lands  
Without an ounce of remorse

Another day, another fight  
We are here to win it all  
There is no truce in sight  
'Tween Saxons and Vikings  
We carry on, we will not cease  
Relentless 'til your fall  
And there is no hope for peace  
'Tween Saxons and Vikings

We Saxons stand in Alfred's name  
We'll make you bleed, our land regained  
Our battle cry is England free and one  
You have taken Saxon blood  
You'll pay the price in pain  
We raise our flags with pride and steel  
This is the end of Danelaw

Send you back from whence you came  
You'll never conquer Wessex land  
Make your threats we're not afraid  
You'll taste our English steel

Another day another fight  
We're here to win it all  
But there is no truce in sight  
'Tween Saxons and Vikings  
We carry on, we will not yield  
God is on our side  
There is no hope for peace  
'Tween Saxons and Vikings

We'll have your heads  
You pagan scum  
You'll soon be dead  
We'll smash thy skulls  
The wolves will tear your flesh  
Your skin will soon be threshed  
You sons of whores  
Satan's spawn  
Come get some more  
You spineless dogs  
The rooks will take your eyes  
We're all about to die

Miscreants  
Veslingur  
You Godless ones  
Nithingur  
We'll drench this field in blood  
We'll send you to your God  
Bitches' brood  
Arka  
We'll run you through  
Bakrauf

We'll break your legs like twigs  
And gut you all like pigs

We can't live side by side  
There's no truce in sight  
Bloodlust fills our savaged hearts  
Who will live or die!

Blood will soak this battlefield  
Who will live and who will die  
There is no hope

Another day, another fight  
The battle rages on  
There is no truce in sight  
'Tween Saxons and Vikings  
At Eddington the battle stands  
That will determine all  
Who will rule this English land  
Saxons or Vikings
