

Among Wolves, Queen Of England

Can not see you
even if i wanted to
might as well just drive

if i wanted
i could see you today
should've just stayed
in back bay

with the queen of england

even though it's cold
the drive ins't that bad
i could catch a cab

now it's snowin
i guess i'll never get back that way
should've just stayed
in back bay

with the queen of england
