

# Amorphis, Evil Inside

Kiss the devil's mark  
like a self-denial without temptation  
she suffers from shame  
prodigious perversions  
it's her final dimension

feel affection for her longings  
lamentation for no reason why  
deep mistrust over matter  
seduce it's will to melt away

she's plagued with pain  
making me insane  
passionate repulsion  
kiss the evil inside  
that you cannot deny  
smiling at your sufferings

feel affection for her longings  
lamentation for no reason why  
deep mistrust over matter  
seduce its will to melt away
