

Amos Tori, Strange

Amos Tori
Scarlet's Walk
Strange
Strange
Thought I knew you well
Thought I had read the sky
Thought I had read a change
in your eyes
so strange
Woke up to a world
that I am not a part
except when I can play
its stranger

After all
what were you really
looking for
and I wonder
when will I learn
Blue isn't red
everybody knows this
and I wonder
when will I learn
when will I learn
guess I was in Deeper than
I thought I was
if I have enough love
for the both of us

"just stay" you say
"we'll build a nest"
so I left my Life
Tried on your friends
Tried on your opinions
So when the Bridges froze
and you did not come home
I put our snowflake under a microscope

After all
what was I really
looking for
and I wonder
when will I learn
Maybe my wish knew better
than I did
and I wonder
when will I learn
when will I learn
guess I was in Deeper than
I thought I was
if I have enough love
for the both of us

so strange
now I'm finally in
the Party has begun
it's not like I can't
feel you still
but strange
what I will leave behind
you call me one more time
but now I must be leaving
