

# Amusement Parks On Fire, Yesterdays Mistakes

(feat. KT Tunstall)

Don't need another resolution  
To feel as though I'm going some..  
Somewhere

You said  
You needed me  
Or at least that's what I thought

At times  
The memories  
Seem to be knocking at my door

I've seen the film  
A million times  
Feels like I wrote the storyline

I refuse to replay the mistakes that we made yesterday

I like to think I'm stronger now  
A victim of common sense  
The truth is that I know I still  
Confuse the past with the present tense

Condensing what we had  
To a single frame  
Sticks in my mind as I try  
To move on  
The same image comes back everytime

They were yesterdays mistakes  
They were yesterdays mistakes  
Yesterdays mistakes

Forgive my selfishness  
I regret it on every count  
Forget my ingratitude  
You think I'm twice the girl I am

They say we should forgive  
But not forget  
What has gone before  
I refuse  
To replay  
The mistakes that we made yesterday

I refuse  
To replay  
(the mistakes that we made yesterday)  
I refuse  
To replay  
(the mistakes that we made yesterday)
