

Amy Diamond, Champion

Put a pep in your step
When you're moving too slow
You gotta hit that high
When the odds are low
Now here's how to get
To the next plateau
Be the first one in
And the last to go, oiiiih

Ain't no other way about this
Way about this, you know it
Put your money where your mouth is
Where your mouth is, is is

Hey now, work it out
Champion, champion
Don't stop, keep it up
Champion, champion
You've got to go for number one
Ain't that what makes a champion

Makes a champion

Keep your eyes on the
Price and forget the cost
Cause you can't get far
When you're slacking off
If you slip then you
Best get up again
Catch that second wind
When the first one end, oooh

Ain't no other way about this
Way about this, you know it
Put your money where your mouth is
Where your mouth is, is is

Hey now, work it out
Champion, champion
Don't stop, keep it up
Champion, champion
You've got to go for number one
Ain't that what makes a champion

C-H-A, AMPION
OOH WHEN
CHAMPION

Put a pep in your step
When you're moving too slow
You gotta hit that high
When the odds are low
Here's how to get
To the next plateau
Be the first one in
And the last to go

Don't stop, keep it up

Hey now, work it out
