

Amy Diamond, Higher ground

Sometimes it feels like
I am dreaming
And I am somewhere else
Far far away
It's like I am standing
Upon a mountain
And for a minute I'm
Gone for the day
Looking for an air balloon
That could take me up this afternoon
Leave before it gets to dark
Here in my heart
Come run away now
Keep trying, keep flying
To the mighty rainbow
Keep hunting high and low
Come fly away now
Together, forever
You know that nothing's gonna keep us down
Let's fly away into a higher ground
Yeah yeah
The grass is greener
The air is cleaner
Or so it seems to be
On the other side
You know it's different
Summer like winter
But it doesn't have to be
As two worlds collide
Everything is beautiful
And nothing should be impossible no-no
Leave before it gets to dark
Here in my heart
Come run away now
Keep trying, keep flying
To the mighty rainbow
Keep hunting high and low
Come fly away now
Together, forever
You know that nothing's gonna keep us down
Let's fly away into a higher ground
It's getting late
And you're not alone
Come on let's take a ride
Into the great unknown
I know it's hard
To be worlds apart
But I will show you the way
To a higher ground
To a higher ground
Yeah yeah
Come run away now...
