

Amy Diamond, Up

Up - up - up
Up - up - up - up
All set, you bet, ready to go
Anything can happen, nobody knows
One step, two steps
We're getting close to our destination
Gonna put on a show
Tonight can be all that imagined
Everything we want and more
As long as the music keeps on playing
Now won't you turn it up-up-up
Louder don't stop
Take me over, lift me up high
You need to turn it up-up-up
We're ready
Ready for this evening, ready for the feeling
Won't you turn it up
Up - up - up
Up - up - up - up
Don't you hold back, no-no-no-no
Let the rhythm lead you, anything goes
Dance, or don't dance, do what you like
Let the music elevate you,
don't put up a fight
Tonight can be all that imagined
Everything we want and more
As long as the music keeps on playing
Now won't you turn it up-up-up
Louder don't stop
Take me over, lift me up high
You need to turn it up-up-up
We're ready
Ready for this evening, ready for the feeling
Won't you turn it up
I wanna get lost in the night
I wanna get lost in the feeling
I wanna get lost in the night
In the music
In the music
