

# Amy Grant, You're Not Alone

(Dennis Morgan, Simon Climie, Rob Fisher)

I saw you walking by yourself  
Your eyes were crying out for help  
I know you feel your pain is more  
Than anyone's been hurt before  
I know love hurts when it's over  
If you wanna cry it's alright  
You're like a fallen soldier  
But you just can't lay down and die

[Chorus:]  
You've got to remember  
You're not alone in this world  
Always remember  
You're not alone in this world

The moment that I looked at you  
I recognized the killing truth  
You really think there's no way out  
But if you let me, I can help you now  
Through all these shattered emotions  
There's a lesson to learn  
So come on let me hold you closer  
Love can soothe what love has burned

[Chorus]  
You've got to remember  
Never alone, never alone, never, never alone

I got to tell you now baby  
Through all these shattered emotions  
There's a lesson to learn  
So come on let me hold you close because  
Love can soothe what love has burned

[Chorus 2x]
