

Amy Jo Johnson, Goodbye

Do you see me, like I see you?
Do you hear me, when I speak with you?
Do you feel me, loving you?
Did you say me, 'cause I say you?

But it's goodbye, goodbye
Goodbye, goodbye
Goodbye, goodbye again

I saw your world, from the side
A super glimpse of the pleasures you pride
But now it's back, to my own reality
I wish you could take, me

But it's goodbye, goodbye
Goodbye, goodbye
Goodbye, goodbye again

He chases the snow, while I chase my dreams
Soon my life, just got cold
Dancing alone in the dark, it always seems
To be with him, it to be bold

'Cause it's goodbye, goodbye
Goodbye, goodbye
Goodbye, goodbye again

'Cause it's goodbye, goodbye
Goodbye, goodbye
Goodbye, goodbye again

And again
And again
And again
