

Amy Kuney ft. Tim Myers, All Downhill from here

Cant pull myself from out of the bed, its 12 oclock inside my head
The people outside feel so far away
I have a headache in my chest, from all the chaos that you left
Caffeine and Aspirin take me away
You tipped my world up on its side,
but its all downhill from here.
Mountain tops, level like parking lots
Cause its all downhill from here.
Mmm Down Down Down Down Down Down Down Down
Down Down Down Down Down Down Down Down
Im getting older by the week,
Like stagnant water in the sink
The bills are piling on the bathroom floor
I go to work then go to sleep,
I dont have time to even think
Wish I could stay inside and lock the door
You tipped my world, up on its side
And its all downhill from here
Mountain tops, level like parking lots
But its all downhill from here
Down Down Down Down Down Down Down Down
Down Down Down Down Down Down Down Down (and it falls)
Down Down Down Down Down Down Down Down
Down Down Down Down Down
You tipped my world up on its side
And its all downhill from here
Mmm yeah, mountain tops, they level like parking lots
'Cause its all downhill from here (its all downhill from here)
Cant pull myself out of the bed (here)
