

Amy Lee, Dream Too Much

There's a monkey in my bed
The muffins are sleeping
And the tigers in the sand, oh Lord
Well, the grapes keep raining down
And everyone is eating
But another train is rolling into town

There's no way you can dream
Way you can dream
Way you can dream too much
/2x

It's a very windy day
At the bottom of the ocean
And the sandwiches you made of flew away
But the jellyfish helped you build a watermelon tower
And the station's master smiled as if to say

There's no way you can dream
Way you can dream
Way you can dream too much
/2x

In dreams you can do anything you want to
In once in a while you have dreams that come true
Swim through the clouds 'till you land on the moon
And when you do, dream of something new

Cause there's no way you can dream
Way you can dream
Way you can dream too much

There's no way you can dream
Way you can dream
Way you can dream too much
/3x
Keep on dreaming
