

# Amy Macdonald, Love Love

Oh love love you tear my world apart  
Oh love love you always break my heart  
It's been too long since you left me  
It's been too long since the start  
Oh love love please don't break my heart  
Oh love love you always bring me down  
Oh love love you turn my life around  
Oh I don't know how to tell you  
Oh I don't know what to say  
But my heart is yours love in every single day  
And at night I sit and cry it seems  
Wondering why love is not like my dreams  
Wondering why I am still here all alone  
And at night I wish that you were there  
Touching my face and stroking my hair  
Telling me things, telling me stories  
Telling me you love me in all my glory  
Love love you're always in my heart  
Oh love love I've known it from the start  
Oh I wish that I could tell you  
Oh I wish that I could say  
That my heart is yours in every single way  
And at night I sit and cry it seems  
Wondering why love is not like my dreams  
Wondering why I am still here all alone  
And at night I wish that you were there  
Touching my face and stroking my hair  
Telling me things, telling me stories  
Telling me you love me in all my glory  
Love love I wish that I could see  
What in the world you mean to me  
Oh love love you always bring me down down down  
Oh love love I wish you'd stick around
