

Amy Person, Love Like This

(Ahhh Yeah, ohh)

I thought I had the whole thing figured out, til I found you
I didn't wanna waste my time just, lookin' for love.
I thought that I was better off alone,
But I was wrong...

(Chorus)

I never knew love like this,
I finally opened up my eyes.
I never knew just one kiss,
Could ever wake me up inside.
And I hope it lasts forever, cuz I'd walk a thousand miles
Just to feel like this, I never knew love like this. (ohh)
Everyday is better than the last, when I'm with you.
I don't think I could get much higher
Cuz Baby

Everytime you come and put your head to me, things you say to me it just feels so good...

(Chorus)

I never knew love like this,
I finally opened up my eyes.
I never knew just one kiss,
Could ever wake me up inside.
And I hope it lasts forever,
cuz I'd walk a thousand miles
Just to feel like this,
I never knew love like this.

(Love like this)

Don't make me wanna lose myself to you

(Love like this)

And when you're here there's nothin I can't do

(Love like this)

See no one else compares to you

(Chorus)

I never knew love like this,
I finally opened up my eyes.
I never knew just one kiss,
Could ever wake me up inside.
And I hope it lasts forever, cuz I'd walk a thousand miles
Just to feel like this, I never knew love like this.

Like this, like this,

I never knew love like this
never, never knew love like this

Uhh

And I hope it lasts forever,
Cuz I'd walk a thousand miles
Just to feel like this

No, no, no, no, no,
Just to feel your kiss

Ohhhh

Just to feel like this
I never knew love like this.
