

# Amy Studt, Going Out Of My Mind

hey you  
its me again, i tried to call yesterday  
and the words i had, to say to you, somehow they all slipped away.  
please talk to me, whatever's wrong  
you know id help you out  
how will thy no  
if you wont say, what this silence is about.

coz im goin out of my mind and i dont think its fair,  
just when things seem to be fine, you changed then didnt care.  
coz the least you could do  
is to talk this through  
and im goin out of my mind over you.

hey you,  
you havent called,  
i guess youre still busy,  
guess i think more of you than u than u do of me,  
and thats not how i want it to be.

coz im goin out of my mind and i dont think its fair  
just when things seem to be fine, you changed then didnt care.  
coz the least you could do,  
is to talk this through  
and im goin out of my mind over you

hey you (its me again)

coz im goin out of my mind and i dont think its fair  
just when things seem to be fine, you changed then didnt care.  
coz the least you could do,  
is to talk this through  
and im goin out of my mind over you.
