It ain't easy, when you're tryin' to discover
One love from the other, it's confusion in my mind
Can't let it break me, can't let it take me
I gotta make sure my decision is right

Could it be, all I need, is only you
Could it be, I could have my cake and eat it too
Is it wrong, I feel strong, for the both of you
Is it wrong to be torn
