Ana Johnson  
Spider-Man 2 Soundtrack  
We Are

The devils' standing on the door step now  
my oh my  
telling everybody oh just how to live their lives  
sliding down the information highway  
buying them just like a bunch of fools  
time is ticking and we can't go back  
my oh my

what about the world today  
what about the place that we call home  
we've never been so many  
and we've never been so alone

(chorus):  
keep watching from your picket fence  
you keep talking but it makes no sense  
you say we're not responsible  
but we are we are  
you wash your hands  
you come out clean  
you fail to recognise the enemys' within  
you say we're not responsible  
but we are we are we are

one step forward making two steps back  
my oh my  
buying pity on the bad boys back for life  
lining up for the grand elusion  
no answers for no questions asked  
lining up for the execution  
without knowing why

(chorus)

its all about power and by taking control  
freeing the spirit and by raping the soul  
my oh my my oh my

what about the world today  
what about the place that we call home  
you've never been so many and you've never been so alone

(chorus)  
we are (repeat til fades)
