

# Ana Laura, No More

When I met you for the first time  
I don't know what I expected to say  
Maybe I would ask some questions  
Get some answers  
And I would have it made  
But here in this moment  
For the first time  
I finally see the light  
No pretending  
No more lying to myself  
No more fighting  
No more trying  
To be somebody else  
No more running  
No more hiding  
No denying what is true  
This adventure, it was never about me  
It was you  
Now I got it, I admit it  
On my own I am never enough  
If it wasn't for the sacrifice you gave  
I would never know love  
And this is the day  
I can know you  
And somehow make a change  
No pretending  
No more lying to myself  
No more fighting  
No more trying  
To be somebody else  
No more running  
No more hiding  
No denying what is true  
This adventure, it was never about me  
It was you  
You know everything  
There is about me  
Void that's in my soul  
That only You can fill  
No pretending  
No more running  
No more hiding  
From You  
No pretending  
No more lying to myself  
No more fighting  
No more trying  
To be somebody else  
No more running  
No more hiding  
No denying what is true  
This adventure, it was never about me  
It was you  
No more
