

Ana, We Are

See the devil on the doorstep now, my oh my
Telling everybody oh just how to live their lives
Sliding down the information highway, buying in just like a bunch of fools
Time is ticking and we can't go back, my oh my
What about the world today
What about the place that we call home
We've never been so many
And we've never been so alone
Keep watching from your picket fence
You keep talking but it makes no sense
You say we're not responsible
But we are, we are
You wash your hands, you come out clean
Fail to recognize the enemies within
You say we're not responsible
But we are, we are, we are
One step forward making two steps back, my oh my
Riding piggy on the bad boys back for life
Lining up for the grand illusion no answers for no questions asked
Lining up for the execution without knowing why
Keep watching from your picket fence
You keep talking but it makes no sense
You say we're not responsible
But we are, we are
You wash your hands, you come out clean
Fail to recognize to enemies within
You say we're not responsible
But we are, we are
It's all about power then take control
Breaking the rule and breaking the soul
They suck us dry till there's nothing left
My oh my, my oh my
What about the world today
What about the place that we call home
We've never been so many
And we've never been so alone, so alone
Keep watching from your picket fence
You keep talking but it makes no sense
You say we're not responsible
But we are, we are
You wash your hands, you come out clean
Fail to recognize the enemies within
You say we're not responsible
But we are, we are, we are
It's all about power then take control
(We are)
Breaking the rule and breaking the soul
(We are, we are, we are)
They suck us dry till there's nothing left
(We are, we are)
My oh my, my oh my
We are, we are
We are, we are
(It's all)
We are, we are
(Take control)
We are, we are
We are, we are
It's all about power then take control
